Like A Year Round Vacation In Your Own Backyard - <http://www.mntsc.org/>

Event Description: We are so excited to have our annual TechX event at Mauh-Nah-Tee-See this year. The beautiful facility will be ours for the day with a grand room that fits over 300 attendees, a built in speaker system, large bar set up with easy access, and 3 breakout rooms right down the hall. This wonderful location overlooks the entire golf green to really embrace the theme we are looking for.

Our breakout sessions will be scheduled for after lunch. Guests will be directed towards the desired rooms. We will be shortening the breakout sessions so as to enjoy the expo longer. Prior to the breakouts we will have a keynote speaker, followed by more vendor interaction. The showcase will conclude at 4:30pm.
